My mother has been at Woodlands for over a year now, and my experience has been only positive. The staff are excellent, very caring and are committed to the care of the residents. They really are like a family and always happy to address any questions or concerns I may have. I am so glad we chose Woodlands Park for my mother.

We as a family are so happy that my husband has settled so well and loves living here. Always some activity to see or do, freedom to walk around safe places. If only more homes were like this.

The staff are first-class, always ready to help. Should I need to go in to care Woodlands would be my first choice.

Your Day, Your Choice

The Home Manager believes that every resident should have individual choice at the centre of everything the team does.

There can be few residential homes that offer such a prized location as Woodlands Park, a glorious country house with stunning views over the Chilterns, and a wonderful place to call home.

Our care team are on hand 24 hours a day to help residents with a smile and a cheery word, whether they need company and support with daily care, or require round-the-clock specialist care. The team and residents together create a family atmosphere where everyone lives life to the full.

With 27 individually-designed bedrooms, including two suites which have their own living rooms and ensuites, Woodlands Park combines luxury accommodation with the highest standards of care; an award-winning home for those requiring long-term, respite or post-operative care in a relaxed yet stimulating environment.

Walking around the home, you see why we are recognised as a centre of excellence for dementia care, from the corridor walls handdecorated so that residents can more easily orientate themselves, to our nostalgic 'shop'. Looking out over the countryside, there's a constantly changing panoramic view of some of England's finest countryside from our lounge and conservatory windows – a natural route to relaxation and calm.

We treat all of our residents as we would our own families – with warmth, love and understanding so that they can enjoy life to the full, with a programme of activities to stimulate and entertain. We also support the families of residents to come to terms with dementia and how they can best connect with their loved ones at a difficult time.
