My Dad was a resident of Forest Care Village for 13 years. During his residence, he was treated with dignity and respect. His nursing needs were always met. His social and mental needs were provided for in regular stimulating activities and engagement with a dedicated and caring staff.

My mother received excellent care and support in the short time she was at Forest Care Village. The staff were always very attentive and treated mum in a kind and supportive way. Forest Care Village has been very helpful in mum's last weeks allowing the family to visit outside of normal visiting times and allowing us a high degree of flexibility. Staff and management are very approachable dealing with requests as needed. On numerous occasions, mum told us that she was happy and well looked after.

A warm welcome awaits everyone who comes to Forest Care Village, our purpose-built care home in Borehamwood. Our modern facility offers 24-hour nursing care for adults with life-long physical conditions, particularly those with acquired brain injuries and neurological conditions, and round-the-clock specialist nursing care for those aged 65 and over, always delivered with a smile and good cheer!

Our 178 ensuite bedrooms are spread across smaller units to create a more homely feel with dedicated facilities close to hand. Shared areas, including the beautiful glass atrium and courtyard sensory gardens are places where our residents bond as a community. We also have a large physiotherapy suite, music and sensory facilities to stimulate mind, body and spirit.

We empower individuals to enjoy those everyday routines they cherish, whether that's having a salon blow-dry and manicure or keeping up to date with their favourite football team. All are encouraged and available. Our residents enjoy the wider community with a thriving high street, independent shops and local park all within a short distance.

We treat all of our residents as we would our own families – with warmth, love and understanding so that they can enjoy life to the full, with a programme of activities to stimulate and entertain.

We also support the families and friends of residents to become and remain active parts of our wider family.
